

# *Free Golf in 2010*

## Limited-Time Offer

The Bowen Island Golf Association is making a special limited-time offer to the Bowen Island community to join our club and play for free in 2010.

Purchase a regular membership before April 1, 2010 for \$1500 plus GST and pay no green fee dues or assessment for 2010. You will get unlimited golf in 2010, plus receive all other regular membership privileges, for the cost of a regular membership. A savings of over \$1300.00.

Playing golf on Bowen Island is the best deal in town for island residents of all ages. The professionally designed and maintained course is in great shape all year round and the club continues to improve facilities such as our recently-covered practice range.

The course provides a ferry-less way to enjoy a round or two but also has become a popular social meeting place on the Island where you get not only exercise but meet other Islanders at the same time.

The Bowen Island golf course has been built through fundraising and volunteer labour. We hope that you will take advantage of this limited-time offer and join our successful island golf club.

*Your community,  
your golf course*
