

# HOW “TWEET” IT IS!

The community-at-large is invited to support the Bowen Island public golf course in a novel, functional, sustainable and memorable manner.

Eighteen (18) working birdhouses are being installed throughout the course where it is appropriate to indicate the 100, 150 and 200 yard distances to the greens. This will not only help with club selection and improve pace of play, it will also help the Bowen Island Golf Club qualify for Audubon certification as these are not just ornamental structures, *they are working birdhouses* which will provide affordable housing for our fine feathered friends. This initiative is not just “*for the birds*”, or for the betterment of one’s game, it is a novel and permanent way to remember a loved one or friend and a great way to support the Club.

Upon payment of \$125 (GST/HST incl.) the Bowen Island Golf Club will install a donor plaque on a birdhouse support post. This campaign is not limited to the first 18 donors as multiple plaques will be mounted on each birdhouse and will remain there for life.

Those wishing to participate in this *living memory campaign*, which will provide much needed operating revenues for the golf course, please contact the Bowen Island Golf Club at 604-947-GOLF (4653) or [proshop@bowengolf.com](mailto:proshop@bowengolf.com). *Here’s to a lot of birdies on our course!*
