

Women's Golf Day – June 4

Women's Golf Day is a global golf initiative launched in 2016 to celebrate girls and women playing golf and learning the skills that last a lifetime (www.womensgolfday.com). This year Bowen Island Golf Club is participating and is excited to offer a free event at the golf course on June 4 from 4:00 to 8:00 pm. Our mission is to engage, empower and support women and girls in our community through golf. Golf, rentals, balls, and tees will be free. Clubs and power carts are limited. If you would like to reserve, please contact the Pro Shop at 604-947-4653.

This event is for all BI women and high school students, whether you know how to play golf or not. It's a time to gather at our amazing course and enjoy some outdoor activity. From 4:00 to 6:00 pm participants will golf in a relaxed scramble format, with beginners and experienced golfers playing together as a foursome. Experienced golfers will be happy to share their clubs with a new player in their group. All beginners and those new to golf will tee up each shot in the fairway until they get to the green. Teeing up makes it so much easier to hit the ball! After a bit of exercise, we will relax on the clubhouse deck and get to enjoy each other's company. Beverages and light snacks will be available for purchase.

Pre-registration is required, on line or by phone, through BI Recreation: https://ca.apm.activecommunities.com/bowencommunityrec/Activity_Search/3569 or 604-947-2216.

Deadline is May 28 at 4pm.

And to make the game even more fun for beginners, we are offering a mentor/mentee opportunity. A novice will be paired with an experienced golfer who will support the mentee in learning the game in an encouraging and fun environment over four playing sessions. BIGC will support the program through the summer so that the pair can play together three more times, and the mentee will play at a reduced rate (\$15.00). If you would like to sign up to be a mentor or mentee, or would like further information about this event, please contact Lisa Avery (lisa.avery.slp@gmail.com; 604-947-0067).
